CANINE COMPLEMENTARY THERAPIST

Canine Complementary Therapist

Once you're qualified, you'll be able to seek employment in a range of canine care careers. Whether you want to work in the pet care sector or start your own canine complementary therapy business.

Working with dogs require you to have certain personality traits including patience, thoughtfulness, conscientiousness, and the ability to interact and communicate professionally with other dog industry professionals and dog owners. You need to have an interest in ongoing education to understand the characteristics and needs of the various dog breeds.

A Passion for Dogs and respect for Animals is of course a must and you will practice the patience and demonstrate Consistency Working with dogs requires persistence and empathy.
